Guidelines

Pensacola Christian College takes a conservative stand on music, and we ask participants to choose music that is suitable for a traditional church setting.

- Campers should not use contemporary Christian music, rock, country, etc.
- Limit music selections to 3 minutes or less.
- Performances may be a cappella or with accompaniment (piano is provided.)
Conservative soundtracks can be used but must be approved by the camp songleader when you sign up after the evening service.
- Each church may have a maximum of three participants/groups in each category.

Judging

Performers will be evaluated on stage presence, communication, expression, performance quality, and musicality.

1st, 2nd, and 3rd place winners will be announced in camp services and receive points toward their team's overall competition. As time permits, some winners *may* be asked to perform in a camp service.
